Members of the European Parliament for Sexual and Reproductive Rights

‘MEPs for SRR’ is a dynamic all-party group in the European Parliament with members drawn from across political groups and the EU Member States.

Mission & Vision

We advocate for advancing sexual and reproductive health and rights (SRHR) as the basis for sustainable social and human development and achieving gender equality as an integral part of human rights in accordance with the Programme of Action of the International Conference on Population and Development (ICPD, September 1994).
